# A Word From the Owner of Circle L Ranch

There comes a time when all of us must make some changes in the operation plans of our chosen business.

Such a time has come to Circle L Ranch. When we established this operation twenty years ago our aim was to establish a large herd of Shorthorns on a grass farming operation. This we have strictly adhered to with the help of our entire family. Now as members of our family embark on careers of their own as they should, we find ourselves shorthanded. Since our operation does not lend itself to extensive use of outside labor we have decided on this near dispersion while the herd is at its very peak of individuality and production.

We love Shorthorns and Shorthorns have been good to us. We value highly the friends and contacts we have made in the entire industry. Therefore, since we do want to remain a part of the Shorthorn fraternity we are retaining a small nucleus of a herd consisting of our herd sire, Leveldale Bloodbank, whose calves are just about to appear, and twenty females who are representatives of each of our cow families. Thus, Circle L Ranch will still be identified with a Shorthorn herd of a size we can handle at the present time.

Due to the uniformity of the entire herd, any attempt to divide the herd equitably seemed impossible. Therefore, we just retained a few members of each of our female families while we are selling in nearly all cases either their dams, daughters or sisters who are all their equal or better. Sincerely, we regret to part with any of our breeding herd. We have always culled rigidly. If any did not produce up to standard we did not keep them. We have continually been willing to add a new herd sire or an improving female at any time or place. In this way we have developed the kind of herd we aimed for. We are proud that our productions have done well for others and made friends whether in the hands of good breeders, ranchers, farmers or 4-H club boys and girls. A record we are proud of is a 100% calf crop the past year of calves by our top herd sires which calves we feel are outstanding.

Therefore, we cordially invite you to attend our sale because we honestly feel that we are selling the kind of well bred, high quality, rapid producing Shorthorns that will be a profitable investment for you as they have been for us.

We ask you to study this catalog carefully which shows the continuing generations of improving ancestry. For those who have not previously visited Circle L Ranch, come and inspect the herd before sale day. You will be most welcome.

We trust you will make plans to be with us sale day.

*Dewey Lunstra, Owner*

# A Word About the Circle L Ranch Herd

From personal knowledge and observation, this writer watched the establishment and development of Circle L Ranch and its outstanding Shorthorn herd.

With a sound aim in mind and with the keen natural instinct of a true livestock husbandman, Dewey Lunstra has built one of the soundest and most prolific Shorthorn herds it has been my privilege to know and observe in my many years connected with the Shorthorn industry.

As many other people who have visited Circle L Ranch have observed, one cannot but marvel at the outstanding uniformity of ideal beef animal conformation of the herd. Also their rapid productivity. The cows are always in ideal natural flesh derived from the home-grown forage crops which are grown on the ranch. They are always being followed by big husky calves thriving on their mothers' plentiful milk production or are right up to calving their next offspring. Barren cows or non-breeders are never seen nor tolerated in the herd. The same holds true for slow-breeding bulls.

A sound policy has been never to overfit young stock. Even so, the last half dozen years a show herd has been exhibited at leading state and district fairs and has always given a good account of itself. Productions have been sold in production sales, privately or in leading state and district consignment sales. They have always been at or near the top and always made friends and done well for their new owners. Another commendable policy has been of assisting the youth in their livestock endeavors. Many likely well bred calves have been parted with to promising 4-H boys and girls who were then able to exhibit steer and heifer champions and winners at leading national, state, district and county shows. Ten such steer calves and a number of such heifer calves will be available in this sale.

The breeding of this herd is recognized as correct and of the best caliber by all who know Shorthorn pedigrees. Herd bulls and foundation females have been purchased from the top herds in the United States and Canada. Dewey Lunstra attended probably as many Shorthorn shows and sales as any breeder and always boosted and bid on top individuals which earned him a Shorthorn World salute as a breed booster. Therefore, study this catalog carefully. It is a record of the development of Circle L Ranch and of breed improvement.

I know it was difficult for Dewey to decide to part with the major portion of his breeding herd but in retaining one herd bull and twenty females I know that as always the sale buyers will have the advantage of the division.

Therefore, since I feel that every good cattleman should see to appreciate the buying opportunities in this herd, all should be present at Luverne on Sept. 26 and give Circle L Ranch the good sale it deserves.

ALBERT J. HAMANN, SALE MANAGER.

# General Information

**LEVELDALE BLOODBANK**—We purchased this great bull in the 1960 Leveldale sale for \$2,000. He is by the \$35,000 Leveldale Basis and out of a great producing dam. As a senior yearling and two-year-old he compiled a great show record which is Grand Champion Bull at Arizona National Livestock Show and Tennessee State Fair; Senior Champion at Indiana, Ohio and Kentucky state fairs, all in 1959. Then in 1960 Grand Champion Bull at Indiana and Kentucky state fairs; Reserve Grand Champion at San Antonio Livestock Show, Pennsylvania Livestock Show and Ohio State Fair; Senior Champion at South west Exposition, Ft. Worth, Houston Fat Stock Show, Eastern National, Timonium, Maryland, and Illinois State Fair. The breeding of this bull fitted in well with our breeding program. We are retaining him for our small remaining herd because we do want some calves by him. However, 30 females that sell in this sale carry his valuable service. Some will be near calving sale day.

# Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS'

## ASSOCIATION

1. Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after the date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
